Assessment of Street Lights

Dear Darren,

SA Power Networks is actively evaluating energy efficient street lights for P and V categories for the following luminaires:

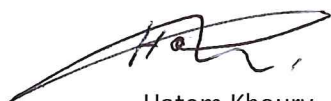

Luminaire Name	Luminaire Description
Parkville LED 80W	MOD-PTF 80W 4K FTB PEB7 0001 (BLK)
Parkville LED 100W	MOD-PTF 100W 4K FTB PEB7 0001 (BLK)
Parkville LED 155W	MOD-PTF 155W 4K FTB PEB7 0001 (BLK)
Bourke Hill LED 17W	MOD-BTCA 17W 4K FTB PEB7 0001 (BLK)
Bourke Hill LED 22W	MOD-BTCA 22W 4K FTB PEB7 0001 (BLK)
Bourke Hill LED 34W	MOD-BTCA 34W 4K FTB PEB7 0001 (BLK)
Kensington LED 17W	KTON 17W 4K FTB PEB7 0001 (BLK)

In order for SA Power Networks to consider the above luminaires, can you please provide your supporting test reports and additional testing necessary for the load table measurement processed by AEMO.

Once successfully completed and published, please notify SA Power Networks of the results.

If you have any questions, please contact Bogdan Niculescu on (08) 8404 5476 or bogdan.niculescu@sapowernetworks.com.au

Yours sincerely

Hatem Khoury
